SAFE, AFFORDABLE & TRUSTED

If you are struggling with large breasts but can't get the help you need through the NHS, and are considering a trip abroad to get the surgery you need, come and meet the Breast Reduction UK surgeons. Don't be yet another horror story.

LUXURY HOSPITAL TREATMENT

We undertake all treatments at a private hospital based in Hemel Hempstead. Often described by patients as a relaxing day spa or a 5-star hotel because every detail has been chosen with you in mind. The serene and beautifully decorated facilities make for a warm and inviting setting for your appointments.

OUR PURPOSE

To provide safe, affordable breast reduction operations for patients who suffer from problems with excessively large breasts.

To utilise the skills and experiences of locally trained GMC certified-surgeons who have a record of producing impressive operation results.

To provide an alternative to patients so that they don't expose themselves to the risk of going overseas to have their operations.

YOUR TREATMENT PATHWAY

**01. Introduction Phone Call
(Your Next Step)**

02.

Clinic Consultation (30 minute free consultation)

Meet the surgeon to discuss whether you should have the operation.

Operation Day

On the day of your operation you will be admitted to the Day Surgery Ward at OSD Healthcare where you will meet the anaesthetist and your surgeon who will explain process and answer any questions. Your operation will last 3-4 hours after which you will recover back in the Day Surgery Ward. You will be discharged by 8pm.

03

Cooling Off Period (1-3 months)

Take this time to decide whether you want to proceed and ask relevant questions to help you make a decision.

Once you have decided to proceed please contact us on **0203 433 2131**

04

Pre-Assessment Stage

You will need to attend a pre-assessment appointment with a nurse who will prepare you for general aesthetic operation. On occasion, additional tests such as ECG or routine blood tests may be required and incur an extra charge.

After pre-assessment, an online patient information and consent form will also be sent to tell you for about your operation and it's risks.

05

06

07

Post Surgery

You will have drains in for 2-3 days post-surgery, you will be taught how to manage these, You will be asked to return for their removal.

Follow Up Clinic

One week after your operation your drssings will be removed. An additional follow up one week later will be required to monitor your wound healing
